

Addendum by the Green Group

Item No.8.6

Report Title: Review of Council Grants to Third Parties 2013-14 – Final Report – Referral from the Corporate Policy and Strategy Committee

Council:

- Welcomes the commitment to 3 year funding
- Notes the concerns expressed around larger, national organisations displacing smaller local organisations in receiving grants; and that third sector organisations with cross-cutting work may not easily fit any one committee's priorities; and
- Agrees therefore that that the extent to which those concerns are realised is explicitly assessed in each of the annual "state of the voluntary sector" reports
