

# Addendum by the Green Group

## Culture and Communities Committee

18 June 2019

### Item 9.3 – Edinburgh Tourism Strategy Update Report – referral from the Housing and Economy Committee

Add:

1.1.2 Notes that while the issues raised in the report touch on sustainability ('pedestrian experience' for example) it is not addressed explicitly enough.

1.1.3 Notes that it would be preferable if the final strategy included 'environmental impact' alongside the other key issues of concern.

**Proposed by** Cllr Alex Staniforth
