PART 1 – OPEN AGENDA

6. AMBULANCE WAIT TIMES REPORT (Pages 1 - 10)

University Hospitals of North Midlands NHS Trust provided supplementary information setting out ambulance waiting time performance data separately for Royal Stoke University Hospital and County Hospital, Stafford.

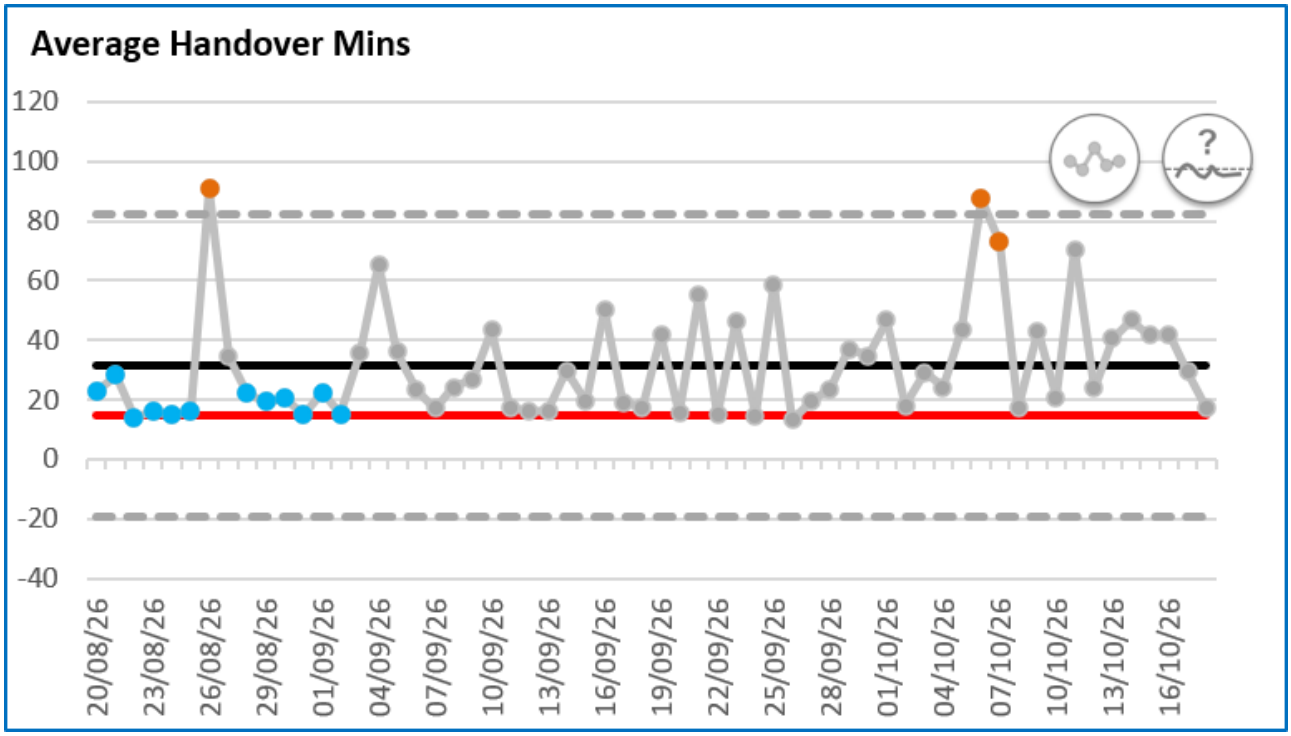

These papers, published on Tuesday, 17 November 2026, are supplementary to the original agenda for the meeting issued on Tuesday, 10 November 2026.

The breakdown clearly demonstrates that performance at Royal Stoke is significantly more variable, reflecting both the substantially higher patient volumes and greater complexity of cases seen at the site. This highlights that extended ambulance handover times are a considerably greater challenge at Royal Stoke than at County Hospital and should be understood in the context of these differing operational pressures.
